

# INTERNSHIPS

(PHE – PROFESSIONAL HOSPITALITY EXPERIENCE)

Our award winning\* Work Integrated Learning (WIL) program combines classroom learning with its application in the working environment. Students are able to observe and work in an organisation where they gain practical, real-life skills and experiences.

The Hotel School offers WIL through the Professional Hospitality Experience (PHE) internship, a co-operative work-study venture between tourism and hospitality organisations and The Hotel School.

The objective of this internship is to provide our students with a range of practical experiences, exposing them to the general systems of operations and the philosophies and aims of partner organisations.
